

## Canada 150 - Patchwork Mural

### Your invitation to participate!

**The Prince George Potters' Guild**, in conjunction with the City of Prince George, the CN Centre, and Canada 150 are creating a community tile installation project. We are inviting members of our community to create an individual tile that will become part of this amazing public art project.

We are hoping that you will bring your talent to one of our many workshops – to paint a tile that expresses your connection to Prince George – something that is important to your life in our city. You might choose to paint an activity, an event, an animal, or something completely different. The choice will be yours. Your 4" x 4" tile will become part of a 9' x 20' patchwork mural that will be installed and unveiled at the CN Centre venue. For more information about workshops or the Canada 150 - Patchwork mural please visit <http://princegeorge.ca/Canada150>

Public workshops will be advertised through traditional and social media, and on our web site: [www.pgpotters.ca](http://www.pgpotters.ca). Please watch for a date that suits you and join us to make this community art project the best that it can be!
